y. How does horse behave with traffic: Calm and collected

z. Skill level of rider needed for this horse: Experienced rider who uses leg aides.

Comments:

Joker is blind in his right eye, but compensates for it well. He may try to test a new rider at first, but overcomes issues right away if structure is in place. Steady leg work is needed while riding him. He's a really easy going horse. He likes people and is a willing partner. Joker also ponies other horses very nicely.
